Small or large, your contribution makes a difference in students' lives every day. A hand up offered in a caring way is often all a child needs to reach his or her potential.

You can make a difference.

$25	$50	$100	$250	$500	$1,000
Buys a pair of shoes or a coat to keep out the cold	Provides a backpack and school supplies needed to be successful in school	Rents an instrument for 2 months for a budding musician	Helps 10 children participate in music, drama, and experiences that broaden their horizons	Provides a one year student assistance grant to an elementary school that helps many students	Provides a scholarship to a needy graduating senior for advanced learning

You can designate the use of your contribution or allow the North Thurston Education Foundation to apply it in the area of greatest need. Thank you for helping us provide a learning environment that fosters success.
